At Xtreme Manufacturing, we build the largest range of heavy duty and high capacity telehandlers in North America. And we build them to outlast and outperform anything else they are compared to. It’s not about meeting industry standards, it’s about setting them. Because we don’t do average.

Our design our machines to be super heavy duty and with safety as strength. It’s not about meeting industry standards, it’s about setting them. Because we don’t do average.

WE DON’T DO AVERAGE.
